Introduction

Disaster Management is the management of resources and responsibilities for dealing disaster which is a sudden, calamitous event that seriously disrupts the functioning of a community or society and causes human, material, and economic or environmental losses that exceed the community's or society's ability to cope using its own resources.

Disaster management efforts aim to reduce or avoid the potential losses from hazards, assure prompt and appropriate assistance to the victims of a disaster, and achieve a rapid and effective recovery. It is crucial that hospitals remain safe and functional during and after disasters. Though often caused by nature, disasters can have human origins. with all humanitarian aspects of emergencies, in particular, preparedness, response and recovery in order to lessen the impact of disasters.

Programme Objective

- ◇ To equip participants with the Management of Disaster so as to get prepared during the time of Emergency of Disaster.
- ◇ How to minimise the loss of Human and property during Disasters?

Course Content

- ◇ Understand Disaster and Various types of Disasters
- ◇ Disaster Management and its cycle
- ◇ Disaster ridden history of India
- ◇ Disaster Management Act 2005, and 2020
- ◇ Role of interdisciplinary agencies in mitigation of Disaster

Participant's Profile

Senior and middle label executive/ managers/officers of various functions engaged in planing, execution and monitoring of regulatory framework, projects, programmes, schemes of Agriculture department etc. Apart from this state government departments, PSUs, private sector, corporations, banks, co-operative sector boards, and autonomous organizations can also be benefitted. This programme is most useful for Government Organisations, Union and States, Public Sector Undertakings. It is more relevant to the members of Disaster Management Teams in the Organisations.

Methodology

Training sessions are designed to be interactive. What makes persons learn profoundly and sustainable is what they engage in. We use a minimized time of teaching intervention and maximize their learning impact by providing short orientation inputs, usually bringing a concept and at least one (mental) tool & group engagement.
