Introduction

Organization Challenges is the predication upon its ability to identify clearly organizational issues or problems it aims to tackle, establish goals for addressing them, decide on priorities among these goals, and develop strategies for addressing them. This process is that much more important in a field such as economic, social and cultural rights, where relatively few resources or models have evolved and considerable challenges remain to achieving the legitimacy of these rights. Organisational and HR leaders across the world have to re-evaluate what it takes to be successful, so as part of our on-going commitment to help organisations become more mindful.

Programme Objective

- To identify the today's Challenges and find a suitable model for ongoing remedies
- To develop catalyst for providing “Leading Organization” through dynamism of Leadership
