Introduction

Leadership is a journey, not a destination. It is a journey that requires continuously building and refining a set of skills that allow you to guide and inspire work and win with others. Effective leadership provides the basis for effective use of all the resources to achieve the organisational goals.

Transformational leadership inspires people to achieve unexpected or remarkable results. Transformational leaders work with teams or followers beyond their immediate self-interests to identify necessary change. They create a vision to guide the change through influence and inspiration.

Change management is a structured process for implementing changes in an organization. It aims to minimize disruption and ensure that changes are effective and accepted.
